Good Morning everyone,

This might be of more interest to Trewidland councillors . . . Sally would like this placed on the July agenda . . and perhaps to make time during June to meet up with Trewidland residents to discuss this and more?

Kind regards

John

Subject: 20's Plenty for Cornwall

Dear Clerks and Parish Councillors,

Please share this with all your Parish Councils.

We aim to reduce excessive speed in areas where the roads are too narrow and traffic moves too quickly, and especially those areas where there are no footpaths or pavements.

The Conservative manifesto included a promise to reduce 30mph to 20mph for all those areas in Cornwall that want it.

Attached are the presentation slides which show the impact that reducing the default speed in built-up areas to 20mph can have on our communities in Cornwall.

A recent 20's Plenty campaign meeting attended and supported by many County Councillors shows there is tremendous support for the initiative. The campaign is requesting that funding be applied for from central Government and from Director of Public Health.

Devon and Cornwall Police and the Police & Crime Commissioner, Alison Hernandez have already agreed their full support for this measure.

Please would you share the attached presentations with your parish councils.

We are asking your parishes to table a motion to support 20's Plenty for Cornwall's aim for default 20mph limits where people live, work, shop, play, learn and spend leisure time with signage and public engagement.

This is a cross party issue that can unify Cornwall at a time when nationwide, bridges need to be built in what had become a divided country- we can show the rest of the UK that Cornwall can lead the way in cross party agreement and achieving something with our new Council.

The Covid 19 pandemic has been devastating, but there have been a few silver linings including the enforced slowing down of all our lives. A chance for people to hear and appreciate the birds singing and

the reduced traffic on our roads. As a county, our Tourist Board would leap at the chance to show that Cornwall is fully embracing this slower pace of life. By adopting 20 mph as a default in built-up areas and villages we will be encouraging people to slow down, listen to the birdsong and enjoy our unique communities.

All Councillors and supporters at County and Parish Level plus all residents are welcome to the Zoom on 29 June at 7.30pm

Please report back to us any successes by email before then too.

Please do feel free to contact us if you need more from either myself, Dean Evans or Anna Semlyen (National Campaign Manager).
