As a parish council, we have been discussing some ideas about projects that might help us all to build a stronger community, better prepared for what the future may hold. These might include working with nature, food growing projects, transport and energy. But before we go any further, we want to know what you think!

Do you feel that, post-Covid, we are getting back to normal - or does it feel as though things have changed?

Are you optimistic - or concerned that there might be a few bumps in the road ahead (to put it mildly)?

What do you think the future looks like?
